IN THE REALM OF THE SPIRIT

A BOOK BY BANJO AYEKA

INTRODUCTION

This world is full of shadows of the things that go on the realm of the spirit. I must confess to you the realm of the spirit is more real than what we can view with our physical eyes. Inability to understand this (the spiritual realm) realm and the road that leads to it has made many to neglect it and focus on the pursuits of this world.

The quickest road to get to the top in this life is to journey through the realm of the spirit. This realm is comprised of the realm of Light and the realm Darkness. There is peace, assurance and hope in this realm, if you journey through the right path. It is an indisputable fact this two realms lead to earthly success, but the end of one is the kingdom of GOD while the other leads to HELL.

In the realm of light, there is assurance of success, if you discover the keys and principles needed to walk in it, and if you apply the law of persistence and faint not. At the beginning, the road may look rough, slow and blocked, but if you faint not through constant waiting upon the Lord, God will surely renew your strength, and make you to soar like eagle, fly where others crawl, make away for you in the wilderness of this life, and make you overtake those who are trying to pass through the normal, common and general road to the top. Though many who move by sight love to journey through this normal way, and many sincere Christians who love the realm of the spirit have chosen to walk through the natural road to success because of impatience, unbelief and inability to deny self in order to pay the price for the prize. The picture of Israelite from Egypt to Canaan land is the shadow of the reality about spiritual journey in the realm of the spirit.

The moment you decide to journey in the realm of the spirit, you have come to the end of struggle in life, ministry, work and business. No more working again but walking because you'll receive power and wisdom needed to succeed and there are also ministering spirit who will be doing the working while you enjoy the reward of the labor in the physical realm. Also, you will discover God's plan for your life; where to go, what to do, how to do it, and when to do it. That is, the burden of worldly things become plain and clear to you.

It was this realm that Paul entered, that made him know some mysteries about the weapons of our warfare mentioned in Ephesians 6vs.12-18; he discovered we are not waging war against flesh and blood; he got to know that the weapons of our warfare are not carnal. His ascension into the realm of the spirit made him to know what a natural man cannot discover by his wisdom. He discovered some mysteries about principalities, the rulers of darkness of this age and the wicked ones in the heavenly places. All these dimensions of revelation were difficult to understand and believe by his generation. That was why Apostle Peter confessed that the letters of Paul are difficult to understand (II Peter 3vs. 16). Why? This is because many of these unusual revelations do not have much biblical references in the Old Testament, unlike the book of Revelation, for instance, that some mysteries in it relate with that of the book of Daniel.

I need to remind you that as a spirit filled Christian, there are some dimensions you can enter in the realm of the spirit that many with logos (letter) spirit or baby Christians may find it difficult to understand. Some may begin to criticize what they did not know; because they are yet to build spiritual capacity to comprehend the dimension you are speaking from, this was the case of Paul. This is the reason Paul said in II Cor.12 vs. 1-5 that he knew a man fourteen years ago whether in body or out of the body he could not explain, this is mystery unto my people of God. He spoke further in verse four that things that he heard are difficult for him to express in words, because they are unlawful for a man to utter such words during his time. Mind you, despite the fact those revelations are unlawful for man to utter, yet, GOD revealed it to him.

There are mysteries in the scripture in which human understanding can never explain. It will take the power of divine revelation to dig into the spiritual meaning. Just imagine if Paul was unable to give mysteries about the blood, the cross, and the resurrection, many of us would not have come to the understanding of the finished works of Christ. Devil will make use of that advantage to deal with us tirelessly whenever we fall into sin, not knowing our right standing with God through the blood of Jesus.

The point here is that, there are mysteries in the realm of the spirit that God is willing to reveal to those who fear him. He said in His word that the secret of the Lord is with those who fear him. He also promised that if we can call upon him, he will show us great and mighty things that we know not. Jeremiah 33 vs. 3. I want to let you know that what Paul was able to see is just a little out of the realities in the realm of the spirit. God is still looking for

people with large hearts who has also been delivered from religious spirit to launch into the realm of the spirit and unveil mysteries needed for this generation. This religious spirit is one of the reasons why God by-pass the rest of the apostle to use Paul to unveil the mysteries that will be needed by the future generation.

CHAPTER ONE

HERETIC REALM IN THE SPIRITUAL WORLD

Heresy is one of the things that trouble the church. As you journey in the realm of the spirit, if care is not taken you may get lost. Many who journey in this realm have been deceived by angels of darkness who appear to them as angels of light. Among the five fold ministries it is the teachers and prophets that usually fall victim of this trap. That is why the scriptures warn us against false teachers and fake prophets, not fake evangelist or fake pastor, though there are false pastor, apostle, evangelist, but in most cases whenever the kingdom of darkness is planning to shoot any arrow of heresy, they target these two offices. This is because these two offices have the capacity to influence the hearts of men more than any of the offices.

Therefore, any realm and dimension you get into and you cannot see the light of the scripture guiding you which will serve as confirmation that you are in a right realm, I will advise you to pause and ask questions. Don't be carried away with all you see in the spiritual world, if it cannot be justified with the light of the scripture let it remain in your belly until an appointed time.

MISINTERPRETATION OF THE SCRIPTURES

There are realms where scripture is been misinterpreted and manipulated. This is the junction where teachers, prophets and many sincere men of God who are using some diabolical means such as candle, soap, egg, white or red cloth, and water with the book of Psalm have been misguided. Many who fall victim of this, start the spiritual journey with sincere mind, in the search for mysteries of the things of the spirit, but as they go on they were caught into the web of heresy.

Therefore, as you journey in this realm, you welcome only light that come from the word of GOD, know that a light will shine in your heart in order to see the word to follow. The word itself is the light that will point you to mystery and path to trek as you move on. If you don't see the light of scripture pointing you to any mystery in the realm of the spirit, I will advise you to take heed.

Many who have been misguided in this realm are those who do not allow the light of the scripture to guide them, some really are lead astray by dream, night vision and deep

meditation on what is not scriptural. Don't allow your dream to be the light that will point you to mystery of the kingdoms, not that dreams are unscriptural, but it is dangerous to use it as a sources of guide as you journey in the spiritual realm. Be led by the Holy Spirit instead.

Spiritual world is full of strange things, some are meant for you personally, some are meant to share, while some are meant for the future generation, which was why Paul said that some things he saw are unlawful to speak. 2 Cor. 12 vs. 4.

And it is also dangerous to move in the realm of the spirit without the Holy Spirit being the one guiding you. The picture I saw in the realm of the spirit is like a man holding a touch his hand with a boy following him in the spiritual world, the old man is the holy spirit, While the touch is the word of GOD, so anything you discover in the spiritual world and it is not the holy spirit showing you through the word can lead you into heretic realm.

Self discovery cannot help you in this realm; it is not about scientific research, which can be known by flesh and blood. It is by grace.

MOTIVE

In your journey in the realm of light, be careful with your motive, because if you journey in his realm with wrong motive, you can be hijacked by the hosts of hell that pretend as angel of Light. Let your mindset be ***“THAT I MAY KNOW HIM...”***

It is dangerous to journey in the realm because you want power or anointing. We don't seek the gift in the realm of light, we seek the giver. Wisdom is the principal thing. All we are longing for is to know and not to get. Through knowing, we receive every grace needed to manifest in the physical world, that is why apostle Peter said that grace be multiply to us through the “knowledge” of him. 2 Peter I 1 vs. 2-3

Your passion should be towards revelation. Because whatever that comes to you in the realm of the spirit usually come through revelation. Any revelation that comes to you will surely come with some measure of power, love and desire to make what you see to come to reality in this physical world. Even your calling into ministry should come through revelation and not dream alone, that is only when the love and passion of your calling will be burning in you.

I have discovered from experience that any time I lunch into this realm with the mindset of seeking gifts instead of seeking the giver, I get frustrated. Wise believers are expected to seek

first the kingdom of GOD first and surely every other thing will be added unto it, be it power, anointing, money, glory and every good thing.

I got this knowledge when the eyes of my understanding opened to the reason why Daniel was praying and fasting for twenty one days. The bible says in Daniel 10 vs. 12 ; “then he says to me, do not fear Daniel , from the first day you *set your heart unto understanding*, and to humble yourself before GOD , your words were heard and I have come before your word.” This is the angel of the Lord responding to Daniel here in a special revelation called vision. Daniel was on a spiritual journey in the realm of the spirit for twenty one days just as many of us have been doing, but you will realize that he was on this journey with a right might set, he was pursuing the principal things as far as the realm of the spirit is concerned .If we can also set our priorities right as we journey in this realm we can go farther than Daniel, and also overcome every temptation of heresy we may come across as we walk in the spirit.

INCOMPLETE REVELATION

This is also as dangerous as heresy, and it happens when someone fails to activate the power of meditation to any word he receives from the kingdom of Light.

Wisdom demands that when you receive a word it is expected from you not to rush out from the presence of GOD to dish it out to people. This is because what you’ve received is a WORD full of wisdom in which if you did not squeeze it like orange, the juice of wisdom and revelation in the orange of the divine word may not come out, that is why Psalm 119 vs. 100 says that I have understanding more than my teachers because I meditate on your word day and night.

That is why in order to get a complete revelation over any subject matter we must learn to tarry long in the secret place of most high God, so that you can abide under the shadow of the almighty, Psalm 91vs1, where the light of the Lord will share over the word you receive.

Mind you, the shadow of the Almighty is not like the shadow of man that is dark in nature with shape. God is like afire while His shadow is like a light. Once you can lunch into the secret place to dwell under this shadow, you have already entered into the revelation realm because it is this light called shadow that will be shed into your heart and expose you to some mysteries about the things in the kingdom. It was this shadow of GOD that became flesh and dwell among man in which we behold His Glory, John 1 vs. 14

That is why Christ said I can only do what I see my father doing in the realm of the spirit. This is a mystery that we need to reflect on. That is exactly the work of a shadow; your shadow will always do what he sees you doing. When you move, your shadow moves. Our Lord Jesus Christ is the reflection of GOD who work, walk, sit and stand in the realm of the spirit.

Jesus told his disciple that if you have known me, you would have known the Father; he who has seen me has seen the Father already John 14 vs. 7 -9. This is because shadow is a picture of a reality in the realm of the spirit. And the only way we can understand the language of the spirit in most cases is for us to see the shadow of the things God is doing or what is about to do.

You can see the reason why hell could not hold Christ; because it is impossible to bury a shadow of a man when the man is still alive. GOD is still on the throne, how therefore the devil thought that he could bury the shadow of God in hell. This is foolishness of the highest order.

CHAPTER TWO

THE MYSTERY OF THE KINGDOM

The spiritual world is a kingdom itself that is controlled by kings and rulers. There are three kingdoms that this chapter will be exposing, which are;

1. The kingdom of Light

2. The kingdom of darkness

3. The kingdom of this world

The kingdom of Light and of darkness belongs to the spiritual world. The kingdom of Light is the kingdom of God where the hosts of heaven dwell, while the kingdom of darkness is the realm of the devil, demon and all the host of darkness. The kingdom of the world is the physical realm where you and I dwell.

The reality aspect of the spiritual world is that both the kingdom of Light and the kingdom of darkness are longing to dominate the physical world, of which the two kingdoms need the help of a man to accomplish their mission here on earth. Both kingdoms are shouting **‘WHO CAN WE SEND AND WHO WILL GO FOR US?’**

The kingdom of God is looking for vessels that will deny themselves from the things of this world, pick up the cross and seek first the kingdom of GOD in order to bring the kingdom of God down here so that the will of God can be done as it is done in heaven. So also the kingdom of darkness is looking for those to entice that would sell their souls to them or bow down to worship them in order to establish their kingdom here on earth. This is to tell that the rulers of the spiritual world cannot do anything on earth without the intervention of man.

God has chosen to give the earth to the children of man, we are gods in this world, we are gods who must rely on another GOD or god in the realm of the spirit to dominate the earth, and without reliance on the spiritual world no man can do supernatural things here on earth.

The highest thing that could happen to a man who rely on his human power and wisdom is to live, give birth, get a good certificate, get a car, build a house and die, that is if his life is not been tormented by the wicked ones in the heavenly, or the wicked rulers of this world like witches and wizard, because once they are involved in his life he or she may end up achieving nothing. And until we discover that getting the good things of this world and die

like that is not success we will not surrender our human power and wisdom to journey in the realm of the spirit where you can receive grace, and supernatural power, to make impact in this life, and to dominate and rule your world. Power is the one that rule this world, and it is impossible to get it until we have a good relationship with the spiritual world.

If you don't have the ability to travel in the realm of the spirit, it may be difficult to leave a mark here on earth for the generation coming after you. The fact is that the spiritual controls the physical. Most of the people that control this world have relationship with the spirit world in one way or the other. It is either they have relationship with Christ or they have relationship with the devil.

If you are not representing a kingdom here on earth, you are a failure already. If you are not living to bear fruit for the spiritual world, you are already living in vain. If all you are living for is yourself, you are unprofitable vessel this realm is accommodating. And so also if the kingdom of darkness is what you are representing, your eternity is insecure. I can't imagine how you will consume in hell if you don't repent and give your life to Christ.

And I will want to establish in your heart that to walk in the realm of the spirit or have relationship with the spirit world require sacrifices. To walk in both kingdoms there are price to be paid, that is why many who travel far in the kingdom of Light do not underrate the power of fasting because if you do not suffer the outward man, the inward man cannot travel far in the realm of the spirit. The joy of many of them who travel in the kingdom of Light is that even though the outward man is perishing, the inward man is getting renewed. All glory to God!

So also those who travel in the realm darkness, there are some dangerous prices that many of them paid before they could attain some demonic level in the kingdom of darkness. Do not forget that Satan is the king in the kingdom of darkness; man is the king the kingdom of this earth, while Christ is king in the kingdom of Light

Therefore, once you have surrender your lordship to the rulers of the kingdom of Light, and allow the King of light which is Jesus Christ to be the King of kings and Lord of lords over your territory, you must let the light of this kingdom shine in you so that men may see your good works and glorify GOD in heaven. This is because those who surrender to the kingdom of darkness are manifesting their darkness and man of perdition are seeing their evil works and glorifying the devil in the bottomless pit.

THE POWER OF BOOKS IN THE SPIRIT REALM

Every kingdom has its own book that their followers read belief and act upon. This book is called the book of mystery, it is the book that contains the facts needed for them to follow, obey and succeeded,

This books contain some instructions , commands, laws, principles , stories about each realm, promises of blessings and curses, in which if obeyed , there are measures of benefits and blessings attached to it, while if disobeyed, there are lots of curses and consequence attached to it.

For example the kingdom of Light where Jesus is the king is been ruled and controlled by a book called Holy Bible, while the kingdom of darkness where devil is the ruler is controlled by a book called the Dark Book. The kingdom of this world where man is the king is controlled by the book called the mystery book of science and philosophy

THE BOOK OF SCIENCE AND PHILOSOPHY

It is this book of science and philosophy that the scholars of this world rely upon. This is the book that contains the natural and science law that many belief, follow and act upon. Many sincere Christians of this age also believe and buy the ideas of this book and even exalt it more than the Holy Bible. Mind you, not that following the dictates of this mystery book is a sin but in most cases, it is lack of faith that makes many Christians to put their belief in the dictates of this book than the Bible. There is higher realm that God want us to operate from.

That is why you see many Christian putting their faith in the power of drug than the power of prayer when they fall sick. In most cases, GOD in his mercy do heals through those drug, but the truth is that in the beginning it was not so. That is why I personally do not act against the use of medications, because the faith of many has been attached to it already, their subconscious mind has been informed already by the book of science that once they take those medications, they will experience their desired healing, which will surely come to reality. Why? This is because their faith has been attached to such word of assurance that follows the drugs, as we all know that faith comes by hearing.

I do say that it is not the medication you take on headache that works but the faith you have in those medications is the one that produces the expected result. For instance, if you are convinced that taking two glasses of water will cure stomachache and you believe it, I want

you to know that it may surely work for you. That is the power of faith in action, let it be to you according to your faith says the word of GOD. There is already a provision for cure by the book of the kingdom of Light but inability to take those spiritual capsules by faith has led many to indirectly seek another god.

You may want to ask if medication a god. Yes, because anything that you believe have the capacity to deliver you is a god as far the spiritual world is concern. That is the main reason why Christ called mammon a god, and also while food is known as the god of belly.

What am trying to say is that no book from the spiritual world will walk for you in this physical world if you don't activate the power of faith to make it work. No matter how powerful the book is.

As far as the kingdom standard is concerned, the book of the kingdom of Light which is the Holy Bible is the most powerful book among ALL books, because in the name of Jesus which is the power backing up this book every knee shall bow, both in heaven, on earth and under the earth, Philippians 2 vs. 10. Yet if you don't put your faith in this book, it will not work for you.

Unbelief is a tool that can render the power of any powerful book of any kingdom powerless. For instance I don't believe in the power of medication and that is why it does not usually work for me. Yet, this same medication has been working for many people.

Mind you, there is spirit behind the natural world and it books despite the fact that it looks as if it's not directly controlled by the spiritual world. Before a man can rely on some things as a source of deliverance, such thing must have an influencing spirit backing it up. Nothing can be delivered until it is been processed by a spirit. The reason why the spiritual world sees man as a deliverer is because every man has a spirit inside of him. Anything that has been possessed by a spirit has a measure of creating power; most of all the idols representing the kingdom of darkness are powerless until an evil spirit has been invoked into it.

That is the reason why the kingdom of GOD is longing that all the children of light should be filled with power of the Holy Spirit. One of the reasons why the Holy Spirit came is for us to receive and manifest the power of Christ. Christ says you shall receive power to dominate in the physical kingdom after the Holy Spirit as fallen upon you.

Therefore, there is power behind science knowledge hidden to many people in the part of the world most especially in Africa. That is why you see some technologies that go beyond human understanding working in this world. I must say emphatically also there are realms that is natural in the science, technology and philosophy world where things will work without the interference of spiritual power, when the power of human wisdom and might is activated , while there are also deeper realms of science and technology controlled by the spiritual world, if the inventor of such scientific tool have relationship with the spiritual world either the kingdom of Light or the kingdom of darkness in order to receive supernatural wisdom and knowledge to put the investing tool to work.

But with a natural perspective, the natural or physical kingdom is created by GOD for man to rule, dominate and replenish the earth. But it's unfortunate that many of the natural principles set to control the physical world has been manipulated by the kingdom of darkness which has made many to believe that some unusual and powerful events happen in the physical world which the source can be traced to man are natural . Some of these powerful events have been justified with some theories, yet every of our effort to put those theories and principles to work has been aborted and impossible. That is the reason many Africans are finding it difficult to produce some powerful technologies despite the fact that those so called technologies have been proved by chemistry, physics and biological theories.

We will continue to carry head knowledge in Africa until we come to the reality that the spiritual controls the physical. Nothing can move successfully here on earth without spiritual powers. Many of us are brilliant with the book of great inventors, yet lack ability to put those knowledge to work, it is in Africa that I see a man who can put the whole text book in his head yet fail woefully in the place of practical. I am speaking to this extent so that every Christian can see it as necessity to lunch and travel in the realm of the spirit in order to receive power and wisdom to rule and dominate this world for Christ. The realm of the kingdom of Light is not meant for pastors alone as many do think. We need the power of Christ in the political, medical, business, and government organization of this world; we need representatives in all organizations of this world. It is high time for saviours to begin to rise from churches to judge the mount Esau of this world and take the kingdom back to the Lord. Obadiah 1 vs. 21.

Enough of having personalities from the kingdom of darkness being our rulers in our countries .The whole world are waiting for the manifestation of we the children of the kingdom of light. And this cannot be done except by journeying in the realm of the spirit with fasting and prayer.

The relationship of this book to the book of the kingdom of Light

The relationship between the principles of these books are somehow contradicting, not that following the principle of this *book* of science are evil or demonic, but it is a principle meant for people at lower level, people who know nothing about the spiritual realm, or who do not have the heart to receive the mystery and the reality of the realm of the spirit, the carnal and soulless people.

They are principles and laws that prove its theory from observations and natural discoveries, which is why heavenly principles and laws which is the Bible sound foolish to those who are operating in this realm. For instance, one the principle of the book of this world say if you want to get the things of this world you have to pursue it with all you heart , mind and soul, but the principle of the kingdom ***says seek first the kingdom of GOD and every other things will be added unto it.*** Another principle of the world says that it is by your power and might that you will achieve in this world, but the principle of the kingdom of Light ***says not by power nor by might but by the spirit says the Lord.***

The principle of the kingdom of Light says you have to humble yourself if you want to be exalted but the principle of this world says NO you have to add to yourself in order to be respected and recognize.

You can see that all this issue of packaging in order to be respected and honored that we the children of light adopt now is a borrowed culture from the principle of the world system. Simplicity and moderation is the culture of the kingdom of Light, while elaborate outward adornment which promotes the pride of life is the culture of the Gentiles, Egyptians and Babylonians.

Another principle of the kingdom says do not rely on your own understanding, acknowledge him in all your ways and he will direct your path. But the principle of this world says you have to be rational in order to sort things out.

I believe you can now see the weakness of the church from these angles. Most of all these worldly principles have been accepted and even preached on the altar .Mind you, at this point I must emphasize, **worldliness** is not acquiring or enjoying the good thing of this world , but it mean getting them with worldly principles. Worldliness is a system designed by human wisdom to control the affairs of this world.

The principle of the kingdom of this world believe in moving by sight that is why they enter into the snare of the evil ones as a result of lust of the eyes, while in the kingdom of Light men do not move by sight but by revelational knowledge of the scripture called **faith**. We the children of Light do not believe in the eating of the bread alone but also by every word that proceed out the mouth of GOD. Do not expect any miraculous sign to happen in your life if all what you are following is the principle of this world.

THE DARK BOOK

This book is another mysterious book in the realm of the spirit. And I am trusting GOD to open the eyes of our understanding to know this mystery because the principle in this book has affected many so called children of the kingdom of Light due to disobedience, ignorance and immaturity in the things of GOD. The truth is that this book is extremely real just as the Bible.

Though it cannot be seen with physical eyes to many, but it has been programmed into the heart of many who believe in it, including Christians. Anything you belief is likely to come to reality in your life. That is why it is expect of Christians to believe only the works of GOD, if they want to go far in the realm of Light.

There are chapters in the book that look magical, some look scriptural, some look diabolic; some also look spiritual, while some look demonic. The chapter that looks magical is the one used by most of this magician. Many in Indian have been exposed to this particular chapter of the Dark book , while the chapter that looks scriptural is the one most of this fake pastors and prophets are using. This book contains some sign and symbols with the manipulation of the book of Psalm and a book called seven books of Moses. The one that look herbalistic is the one most of all these herbalists are using. It contains the information of how to use leaves, herbs and some natural things with incantation or spell to cause things to happen.

The one that looks superstitious is the web that many ignorant, immature and disobedient Christians have fallen into. They have believed it already because of it manifestation they are

seeing in their lives. Example of some facts in this chapter deals with the dream. In this book, it is written that once you see yourself eating in the dream that is a sign of arrow or poisoning into one's life. Another verse says if you see yourself picking snails in the dream is a sign of backwardness.

Yes, all these facts are real but only to those who are children of darkness, and also children of light who are disobedient, doubtful, ignorant and immature. These facts are principles that govern the kingdom of darkness and his territory, but once you have been translated from kingdom of darkness to the kingdom of Light, you are already under the rules and principles of another kingdom. No weapon fashioned against you shall prosper anymore. That's why the King of kings in the kingdom of Light wants every Christian to grow into maturity and be skillful in the word of righteousness, where they will know their right in Christ and their position in the kingdom of Light.

This is because as long as children of the kingdom of Light remain babies, they are not different from slaves, who are the children of darkness and the children of this world Galatians 4vs. 1 -3. It is not written anywhere in the book of the kingdom of Light that once you eat a food in the dream that such food is an attack, even the Bible says he prepares a table before me in the presence of my enemy. I believe somebody is blasting in tongues.

Although, it is an indisputable fact that all those superstitious words written in the demonic book are real, the effect of eating or fornicating or seeing snake, snail, or being in forest or primary school in the dream is real, and there manifestation is evident. It is a principle program, sign and sealed by the host of hell.

Many prophets have entered this realm and saw the reality of it, but many have made a mistake by exalting it above the book of the kingdom of Light which is the holy Bible. This is because of how they have seen the evidence of its manifestation in the life of many Christians, but they fail to understand that it can only work in the life of the following children of Light;

1. Who are ignorant about their rights as citizens of the kingdom of Light.
2. Who are immature in their growth in Christ
3. Who do not hold God at His word
4. Those who are disobedient to the word and principle of the kingdom of Light which believing in the finished work of Christ.

But once you can know your right as a citizen of God's kingdom, and you have seen yourself by revelation that you are seated with Christ in the heavenly, you have known that he that is living in you is greater than he that is living in Christ. And it has come to your understanding that if God be with you who can be against you and that through the blood of Jesus every hand written concerning you has been blotted out. There is no word from the dark book of the evil one that will work against you.

The Demonic Book and the University Of Demons

The demonic books are books that contain the activities and rules of demons over man. This book is not exposed to many of the children of darkness because it is a book meant for demons. It contains the information of how to afflict people with sickness, disease, attack and many more. It contains how the demons can manipulate a life, village, town, city, country and the whole world with their deceit. Every method used by demons to control the earth is in this book. This is the book evil spirits use to teach the demons in the University of Darkness under the earth.

This may sound strange, many things that happen in this earth also happen in the world of Darkness. The demons are well trained in their institution before they are sent into this earth for their assignments. Some demons who are on assignments have graduated already, while some are on their industrial training, to do practical in the life of people, town, environment, etc. ; what they have been trained for in their university.

There are different courses in this university. Some are there to study, headache, different kind of disease and how to afflict people with it. Some are studying poverty, accident, and many demonic things that we are finding its effect in the life of many people.

The University of Demons is not like our universities here where the number of years spent in the university is 4 to 7 years. It takes minimum of 400 years to study a course there. That is why they are skillful in the works of evil. Devil is not in haste in planning as many of us do. What they are planning to do in the next 300 years have been programmed, while some demons are on training on it already if Christ tarries. Their mission toward the gospel, church, Christian is the courses that some demons are studying in the kingdom of Darkness.

There are demons that are specially on training in the school of demons on how to fall or distract the saints, some are specialist on how to cause unrighteousness; some are studying

masturbation which their manifestation is reigning in the life of many Christian youths now, while some focus on how to afflict pastors.

You can see the reason why many Christians are falling from the race; some lose their faith, while the fire of GOD in some has been quenched by the demonic water of this world which is the trap set on ground by these educated demons.

CHAPTER THREE

GIFT AND REWARD IN THE REALM OF THE SPIRIT

Gift is what you receive effortlessly in the realm of the spirit; what you did not work for in the spiritual world. When you get anything in a clear way without following the principles or paying any price demanded by the kingdom, we say it is gift. For instance, in the physical kingdom, before you can get anything, the natural law says you must work for such thing. The philosophy of the world is that success is when preparation meets with opportunity. Now, the principles applied in the realm of the spirit as to do with, favour, grace, mercy, love and kindness of GOD toward mankind. If you are not under this gift, you are like a man sowing in dry season. Remember the natural law that says whatever a man sows is what he will reap, this do not work in the dry season.

But there is what we call Grace in the realm of the spirit, that is, undeserved favor and gift, receiving what you are not qualified for in an honest way. And this exactly is what the writer of this book is enjoying. The revelation of this book did not come from diligent studying, or fasting and prayer, it came by the grace and mercy of GOD.

Mind you, gifts do not just come down like rain. It is something received which another person has suffered, worked or paid for. For any physical or spiritual gift received, it is certain that it has been paid for by someone else. But it is a reward to the people that gave you the gift, because they worked and suffered for it. Now, reward is a product that you work and deserve for.

The same with the spiritual kingdom, whatever gift you receive has been paid for by one spiritual being who is Christ Jesus, be it gift of the spirit, anointing, power, prophecy, faith, vision and so on . They are gifts which have been paid for by Jesus Christ in the kingdom of Light. None of us deserve what we are enjoying in Him. That is why the only way to receive in the kingdom of Light is to ask in HIS NAME.

To the people of natural realm, there is clear difference between gift and reward. But in the realm of the spirit, they are almost similar, because there are times God would give you a spiritual gift without paying any price of obedience, or fasting and prayer, while there are times GOD would give some people the supernatural ability to pay the price. This category of people can suddenly develop some capacity to go on long day fasting and prayer and with divine strength to obey the law or principle of the kingdom. One thing every minister should

know is that if GOD did not build the house, the labourers are just building in vain. If GOD is not the author of the strength you use to pay any spiritual price, you are paying in vain; nothing is by works in the realm of the spirit lest any man should boast. He is the one at work in you, Philippians 2vs.13. That is why we believe that in our journeying in the realm of the spirit all is by grace. No man can come to Christ except, GOD choose him and draw him nearer.

Therefore, don't ridicule yourself as you journey in the realm of the spirit, there is no dimension you cannot attain if you are willing. Even though such realm demands some higher prices, relax. We can do all things through Christ that strengthens us. What has made many to struggle in their journey in the realm of the spirit is that they have acted like the foolish Galatians(Galatians 3 vs. 3) who started the spiritual journey in the spirit but wanted to end up with flesh (self effort). They tend to act in flesh in order to boast of their spiritual achievements but they forgot that by flesh shall no man prevail.

Those dimensions that seem miraculous or impossible to the people of natural realm like the one of Enoch who walked with GOD and was no more and Philip who disappeared after his preaching engagement with Utopian Enoch and many more becomes attainable as we move in the realm of the spirit.

Therefore, once the principle or keys of the kingdom can be discovered there is no door that cannot be opened in the realm of the spirit. The realm of the spirit is full of doors that are why Christ says I have set before you an open door, the open door is the door to the main entrance of the great house in the realm of the spirit. The great house in this realm is a mansion or kingdom full of different kinds of gifts of value needed to live life and succeed, in which once we build the spiritual capacity to launch into the realm of the spirit and travail with prayer and fellowship we will do some great things for Christ in the physical kingdom.

Most of those that do great things for GOD in the natural realm do not always operate with what we call reward but they operate with I call gift, because God equipped them with special ability to pay the price for the prize. The gift they manifest or dimension they enter is not what they deserve, not by their holiness nor righteousness, many of them were called, chosen and justified by God in which this gave them the grace to be able to travail in the realm of the spirit like Daniel, Moses, and Elijah and Jacob who strive with the angel before they could enter some dimensions in the spirit world, some went on long day fasting and prayer, some deny themselves completely from the affairs of this world, some lost many valuable

things like their marriage and family before they can enter into this dimension of power , wisdom and revelation. Truly, some of them paid some prices that qualified them for such dimension but the fact still remains that they only walked into the reality of what they are destined and born for.

CHAPTER FOUR

THE UNIVERSITY IN THE SPIRIT WORLD

As I have said in the previous chapter that everything that happens in this physical realm is just a picture of what is going on in the realm of the spirit. If you can understand the operations of everything in this realm you will get the picture of what is going on in the spiritual world.

For instance, God introduce Himself to us as our father, therefore if you want to understand God's intention toward you, try to study how a natural father treats his lovely son. Through that, you will get His mindset toward you.

In the spiritual world, been saved is like a picture of someone who gained admission into higher institution, where Holy Spirit is your lecturer, Christ is the subject, and the Bible is your handout. Salvation is the JAMB result to gain admission into this school of the spirit, in which also there are periods of test called temptations and trials. And there is carry over in the realm of the spirit.

The motto of the school of the spirit is *to learn Christ, to be like Christ and manifesting Christ*,

Manifestation is the evidence that some have graduated in the school of the spirit. Once there is no manifestation in your life and ministry, it is a sign that you have not graduated.

THE CALL OF GOD

That GOD has called you do not mean that God is sending you; there are periods of training in the realm of the spirit. Most of the men of God that is misbehaving in the ministry today are those who withdrew without finishing their program. Anointing is a sign that GOD is sending you. That you are gifted sometimes, do not mean GOD is sending you. Gift or natural talent is a voice in the realm of the spirit that GOD is calling you to his work. Many people who graduated from any theology school, most times, think that the school of the spirit is sending them to the field. That your college is sending you into the field for the gospel do not means that God is sending you.

That your bible college is sending you into the field for the gospel does not mean that GOD qualified you. Mind you, that does not mean that you cannot pastor a church or function in the work of the gospel or hold a ministry. Despite the fact that the disciples had not received

apostolic anointing, yet Christ sent them out in twos. Ministry is not one big thing as many do take it. It is just a picture of your mission on earth in an arranged and organized form.

But you must not let the work of the ministry to enter your head and neglect the place of learning in the school of the spirit. We need to keep on learning until we enter into the highest dimension of anointing which is the Apostolic anointing. Don't settle at first degree in the school of the spirit, you can still move on to a PhD level in spiritual anointing. The more you learn, the harder your tests and examinations. The higher you pass, the greater your commission. And the greater your commission, the higher your anointing. This is a divine principle and order that many do not understand in the school of the spirit.

God cannot send you an errand without giving you everything needed to fulfill that mission.

There are many things most Christians claim but they do not understand the dimension it takes in the spiritual world. For instance, the bible says many are called but few are chosen. Though many may be claiming it that they are among the chosen one, the realities of it is that many of us are still operating under calling? Mind you, being under calling also qualifies you to operate in some dimensions of revelation and anointing in the realm of the spirit, but the realm of graduating from the school of the calling to the school of chosen is another dimension. An apostolic anointing is one of the evidences to know the chosen one. Many who call themselves apostle today are not recognized in the meeting of the apostle in the realm of the spirit.

Apostle means the sent one. They are people with special assignments, they are not sent to a particular place, village or town; they are people sent to the nation. That is why the anointing upon them is what advertises them to the world; even if they are in the wilderness or village, the world will locate them. These set of people are the voice of the Lord in the wilderness to the nation or the whole world that prepare the way of the Lord. They are prophets sent to a nation.

That you are operating in all gifts do not qualify you as an apostle. Contrary to what many people do think apostolic anointing goes beyond having a divine ability to operate in all gifts. They are people with special and specific assignments.

In my journey as a student in the realm of the spirit, I saw a revelation. I saw a door which many were struggling to enter but among the thousands knocking the door, none was able to enter, any time the door opens only one among thousand will be qualified to enter and the

door will close again. Suddenly, I looked at the door and an inscription was written on the door ONLY FOR THE CHOSEN ONE.

This made me to start crying to GOD that here am I send me. Before a man can be qualified to enter this dimension, you must be tested in all aspects, you must have got to a stage where God can trust you with many things, be it money, material and man. They are people who are masters of their appetites, they are no longer a slave to the things of this world, and who have also dealt with the great enemy which is called flesh and weakness because the anointing upon their life will surely bring them to public, in which there life must not be a reproach to GOD else they fall from GRACE by themselves.

Before God could take Isaiah to this dimension in Isaiah6.,God had to use the coal fire to deal with his weakness, which was his mouth that he had been using to place curse and woe upon those he supposed to give prophecy of hope , that arise, shine for the light has come .Isaiah 60 vs. 1.

I have got to understand that between the stage of calling and the stage of chosen is a stage of examination and test, a period where you study to show yourself approved.

Don't ridicule yourself by saying' maybe GOD did not destine me to get to that realm'. You can get there; those who are there do not have two head. Our GOD IS a just GOD. Anyone who practice righteousness is acceptable unto him, He is a rewarder of those that diligently seek him, he will surely raise whosoever that hearkens to his voice above all nation. That is why Peter said to Colinius.

Certificate is a symbol of anointing in the realm of the spirit, irrespective of your work on earth, you need unction to function. Anointing is a sign of divine backup and approval in what you are doing.

Anointing is needed in every aspect of life, both in business, work, and ministry. Many in business think that all they need is hard work they forget that the Bible says I am the one that gives you the power to make wealth, Deut 8 vs. 18. Frustration is the result of a life, work or ministry without anointing. Don't try to establish anything without the anointing of GOD backing you up.

Therefore, once you are not yet anointed to perform any function, that is a sign that you have not yet graduated at all from the school of the spirit.

THE REALM OF SELF DISCOVERY IN THE SCHOOL OF THE SPIRIT

This is the first realm that we must pass through in the school of the spirit, is a realm of purging, a realm where you will be learning how to put off the old nature, a realm where you will begin to discover yourself as the lecturer is teaching you in the school of disciple. In this realm, repentance is almost every day. When you see anybody coming out for altar call in all preaching, some time, it does not mean that such person is just giving his life to Christ. Many times, it is as a result of self discovery of some weakness, bad attitude, habits or behaviors that their eyes have not opened to before that lead them to cry for repentance again.

Many great men of God who are anointed with the ministry and preaching of repentance like Daddy Gbile Akanni are people whom GOD is using in this dimension. Many who did not understand this realm tend to criticize their ministry that their messages are making them to have guilty conscience. I want you to know that if you don't pass through this realm it will be difficult for you to cope when you get to the realm of Grace. Those who jump into the class of grace without passing through this realm are those who take the grace of CHRIST for granted and tend to use their freedom to live immoral life. All in the name that GOD is a lovely God.

It is in this realm of self discovery that you discover those sins and weight that can easily beset you as you run with patience the race that GOD has set before you. Those who spend many years in the school of the spirit as a result of their carry over fail mostly at this junction.

This is so because this is the realm that GOD deals with the character of a man and replaces it with the character of Christ. The only temperament acceptable in this realm is the temperament of Christ.

In this realm the more you repent, the more you move forward. The more you discover yourself and cry for grace the more GOD shows mercy and give His grace in time of need.

Any attempt to jump to the next dimension where the mystery of grace is exposed without passing through this stage can lead to much damage to your spiritual life.

The major thing that the Holy Spirit wants to achieve in us at this stage is that he get to make us know that to overcome sin or weakness is not by power nor by might, neither it by self determination.

It's a stage where you will come to the understanding that surely you need holiness, and righteousness as a tool to succeed in life and ministry but you can't help yourself? All you need is the grace of GOD.

YOU need divine enablement; you need supernatural ability to live a life that a natural man cannot live. You need grace to live both the outward and inward holiness, because you want your life, ministry, business and work to shine before man so that man may see your good works and glorify GOD IN HEAVEN.

THE REALM OF GRACE DISCOVERY

Having discovered that overcoming self or sin is not by self will or power but by the grace of GOD. It is God that is at work in us both to will and to do His good works. Salvation or deliverance is not from our self lest any man should boast. It is a gift from GOD. Ephesians 2 vs. 8-9. It is therefore expected for every student in the school of the spirit who understands this dimension to move on to the next department in the University of the Spirit, which is the department of grace discovery.

Mind you, carefulness is needed at this department, because if care is not taken one can fall into deep valley of heresy due to incomplete revelation or overemphasis of the teaching of grace. The spirit to balance is needed in this realm to really get what the Holy Spirit is saying to the church about the doctrine of grace.

Because this is one of the areas where there is much misconception as you journey in the realm of the spirit. Some that have access to this realm truly received some revelations about grace but zeal with impatience made them to jump out from the realm to start preaching their incomplete revelation with passion in the physical realm, which has made many of their follower to lose their holiness and righteousness life. Many sincere Christians who was brought up with holiness and righteousness that later came across grace message got confused with the decision to make whether to reject the old doctrine of holiness taught by the old Pentecostal and holiness revival movement and embrace the new doctrine of grace. Some zealous holiness preacher also totally rejected it with the believe that grace message is one of the end time heresy that the scriptures talk about, while some preacher overstretched it which has led many sincere Christians to passive Christian life.

To be frank and sincere, much understanding is needed at this junction.

I will advise that to those who are confused should relax their mind , do not throw away the your old doctrine you learnt in the school of self discovery, laid down by the old apostle of holiness , and also do not reject the teaching of grace coming out in this last days.

I am seriously convinced that the teaching of grace is not from the pit of hell, but once it is over stretched it becomes a tool for the kingdom of hell to promote lawlessness. That is why as a wise student in the realm of the spirit you must always learn how to eat the meat and throw away any bone in messages you come across as you journey. Any spiritual material you come across in the realm of the spirit that is different from Bible is capable of having both meat needed for your strength and bone which can injure you. This is because all writers only know in part including the writer of this book.

Many great men of GOD WILL are deliberating today are not GOD of man, so they are also growing daily, which implies that they are capable of preaching heresy.

I will also advise those who are totally rejecting the teaching of grace to open their hearts in order to be delivered from self righteousness. You can never be free from holier than thou attitude until you catch the revelation of what grace came to do in man's life. Rejecting it is like a mother who throws away her baby with the bathing bowl. While those who are overstretching it who see it as what to build ministry on, I pray GOD will have mercy on us all. Though I don't blame those who overstretch the teaching of grace because any one can fall into such error. The nature of religious people is to always look for a particular kind of message to be identified with. Some will want people to know him as faith preacher, while some other people will attach themselves with holiness message. Some may also say they are prosperity preacher. Truly, we are good and have understanding of one particular spiritual message more than each other due to the department we belong to in the realm of the spirit. But if care is not taken devil usually take advantage of this period and push forward many sincere preachers who catch the revelation of a subject matter in the spiritual world. As one man do say, if devil cannot bring you backward he will push you forward. Any gospel message you over emphasize can lead you to the valley of heresy.

UNDERSTANDING THE THREE DIMENSIONS OF GRACE.

Before anything, I will wish to employ any addicted grace student or teacher reading this book to open his/her mind and be patient while reading, because many of them believe that until you talk about the finished work of Christ or say that grace is Christ Himself and not a subject matter, they believe you have not yet understand the dimension of grace.

But they fail to know that there is elementary revelation of grace, secondary revelation of grace and Tertiary revelation of grace.

Therefore, I will be glad if you permit me to take the doctrine of grace from the scratch in order for many who are willing to understand it from elementary stage to catch the nutrient or milk of it and throw away the strong food or bones in it.

Therefore, the doctrine of grace is classified into three dimensions in which the first aspect is what we call the *realm of underserved favour*. This junction is when you will begin to see GOD blessing you with some gifts you did not deserve. At this level, GOD blesses you because of what Christ has done on the cross and you are only resting in the finished works of Christ. None of your holiness and righteousness can qualify you for what you attain. That is why the Bible says in John 2 vs. 12 that I write to you little children because your sin is forgiven for his name sake. Mind you, not because of any good thing you have done but *for his name sake*.

Many who stop at this level are baby Christians, the writing of Apostle John at this dimension is to the little children, and mind you, you can never take the baby Christian out of this class or realm because they are yet to build spiritual capacity to rise, work, and walk for the kingdom reason. The kingdom of light is only expecting them to be resting at their parent's lap why, because they are still a baby, they do not have strength, power or wisdom to sort anything on their own. That is why they see no reason why they take up any responsibility in the spiritual world. Even though they come to Christ and ask him **what I must do that we may work the work of God**, John 6 vs. 2. The only response that Christ we gives to them is *just to believe in whom he sent*, vs.30, they cannot fast now because the bride groom is still with them. So Christ pampers them as a lovely parent pampers their little children. Even though they make error, their sin will be forgiven even for his name sake.

Now, going deeper to the second dimension is when GOD gives you the supernatural ability to live the true holy and righteous life, this is when GOD gives you the ability to live above sin. In the first dimension, you will only be seeing grace as undeserved favour but in this dimension you will begin to see grace as *supernatural ability to live above sin or do what a natural man cannot do*.

This is when God will begin to give you the supernatural ability to pay the price that will qualify you for spiritual and earthly blessings. At this stage, if giving and paying of your tithe

is the criteria for heaven, you will suddenly see some strange strength to obey this principle of prosperity.

This is the realm where the revelation of the kingdom of GOD will be revealed to you, it is the dimension where you will begin to have the understanding of your spiritual responsibilities, and ability to take up such responsibilities. This dimension is not meant for baby Christians but for the youth in the spirit who have reason to rise above what seem impossible to the flesh and take responsibility for their victory in life. At this realm, you cannot rule out the power of fasting and prayer as a keys to open some doors of some anointing, except you want to justify your predicament by saying all is by grace that come through faith, which has been making many to pay the price for the prize. We all know that faith is a power tool in the realm of the spirit. Jesus himself did not rule out the rule of faith in casting out demons or in moving faith. But he latter stretched further that howbeit, this cannot be done expect by fasting and prayer. The grace that you will receive at this dimension is the grace to pay any spiritual price that will qualify you to get what you desire, because the desire of the righteous shall be granted.

It is an indisputable fact in the realm of the spirit that fasting and prayer is the key to receiving greater level of anointing and power. Many who have attained a greater level in the realm of the spirit will testify to this fact, though. The principle of grace in this realm is that ***you did not need to do anything to receive grace but you need to do many things to grow in grace***

They believe of many who stop at the first revelation is that no one can attain both the outward and inward holiness. So they only enjoy the finished works of Christ which produces only the inward holiness in them, forgetting that the Bible says let your light shine before men so that men may see your good works and glorify God in heaven. I can hear somebody saying sinless life is not possible , well let it be to you according to your faith ,but as for me, ***I can do all thing through Christ that strengthens me, with GOD ALL things are possible, Luke IVS. 37 l.*** That is why this stage is known as warfare stage with the enemies of spiritual growth. It is a stage where GOD will allow you to wage war against the spirit of lawlessness in your life. Not that GOD cannot fight for you but, in this stage He will rather choose to empower you to fight and stand by you to conquer. That is why the battle will not be with the energy of your flesh, it is a battle with unseen spirits and powers from the realm of lawlessness. That is the major reason why the Bible says I will write ***to you young man***

because you are strong, and the word of GOD abide in you and you have overcome the wicked ones, which are devil, sin, and flesh, 1John 2 vs 13b -14b. People in this realm are known to be set of Christians who are strong, whom the word of GOD abide in them. in which this has made them to overcome the world.

Study the scripture very well; you will see that, the Bible did not say Christ has overcome for you. Mind you, it is a fact that it is Christ that provides the enablement, while you do the fighting. But in the first realm Christ did not provide the power but do the fighting for them, due to the fact that they have not yet built the capacity to represent Christ in this evil world.

The third dimension is when God begin to grace the special ability and power to rise for the deliverance of others; this is when you will begin to flow in some unusual anointing to do things beyond natural. Whosoever that enters this stage is already a father in the realm of the spirit no matter their physical age, that is why John wrote to them ***that I write to you fathers because you have known him who Is from the beginning...1John 2 vs.14***

They are called fathers because they have gotten some revelational knowledge about God and Christ. And this knowledge of God and Christ in them has produced grace in their life and ministry, see 2ndPeter 1 vs. 2-3.

Now let me give this analogy in order to understand this three dimensions of grace in the realm of the spirit. The first dimension of grace is like passing an exam you did not prepare for, or **passing an exam you were able to understand the course**. The second dimension is when GOD enables you to prepare, and also give you strength to read for long with ability to assimilate and understand all you have read in order for you to sit for the exam and pass it. At this stage, if you fail to utilize your potentials, by reading or preparing for such exam, you are like those abusing the spirit of grace while the third dimension is when you now begin to teach others what you have acquired. That is why those in first stage can never be a teacher or leader in the realm of the spirit because they are unskilled in the world of righteousness. This third dimension is when God begin to use you as a solution to the cry of many. It is at this stage the true inward holiness and righteousness will begin to manifest if only one can fight against carelessness and be disciplined in all manners of conversation.

CHAPTER FIVE

ASKING, THE MAJOR OTHER OF THE DAY

The major responsibility as you walk in the realm of the spirit is for you to be asking in order for you to be qualified to receive. Revelation hardly comes when you fail to ask. There are oceans of mysteries that GOD is ready to reveal to us, if only we can ask, just as God said in Jeremiah 33 vs 3 that we should ask and he will show us great and mighty thing that we know not.

Indeed, the duty of GOD is to give while our duty is to receive but receiving cannot come until we ask. **The rules of other is that it is only he that ask is qualify to receive.**

Therefore, whatever you receive in the realm of the spirit becomes a tool of manifestation in the physical realm. Whatever you receive from God is a gift covered with fire which the gate of hell cannot prevail over only if you lose it yourself as a result of ignorance or carelessness.

As you move, let asking be your priority. Be careful because things you'll receive in this realm as you journey are not tangible things like money, car or house. All that you will receive is a word from the mouth of GOD. It may come in form of revelation, vision, dream, whisper, divine idea or light in your heart which opens your understanding to what you will do. Many people take this realm for granted because all they are expecting are tangible things, they fail to know the world was made by the word; they fail to know that until they have a key, they cannot knock the door where all physical products are kept.

If money is what you are asking God to give you as you journey in the realm, God will never give you the money what he will give is the power to make wealth. Deut 8 vs 18

This is not a realm where you receive orange even though you fast and pray for it but a realm where God gives you the seed of orange so that once you plant it, the next generation will still be eating from the fruit of your labour. So receiving is a seed of what you really need to succeed in life and ministry. In this realm if you are praying for crowd in your ministry, it is not crowd that GOD will give you but he will give you what will produce a crowd, which is anointing. It is the realm where you'll receive what you will do that will launch you into dimension of success in life. Therefore, it's receiving that opens your understanding to what to do, after discovering *what to do* in life; the next dimension is the *realm of seeking*.

This is the realm where you will begin to search for *how to do it*

The first realm opens your understanding to what to do while this realm gives you the understanding on how to do it. At this realm of seeking, God is expecting you to study to show yourself approved; it is the realm where you should become addicted to Bible and spiritual materials because you should be able to speak like Jesus that said I come in the volume of the books written concerning me.

It is in this realm that GOD will be speaking into your heart that if you seek me with all your heart, you will find me. This is the realm where GOD wants you to know much about the giver of the gift and not the gift. Many who usually pray amiss get it wrong because of the inability to follow the principles of the realm. In this realm you don't ask and you don't receive, all you do is that you seek in order to find. This is the realm where keys that open the doors in the spiritual realm are found. Is a realm of knowledge, wisdom and understanding, he that seek will surely found. This is where you will be filled with the knowledge of His will in all wisdom and spiritual understanding in order for you to walk worthy of the Lord, fully pleasing Him, Col.1 vs 11 to 12. I want to believe now that you have fully discovered the difference between asking and seeking.

After you have found *how to do it*, the next thing is to *take action*. Your action is your knocking. Your work is a symbol of knocking. Knocking is to act on any revelational knowledge or wisdom found why seeking.

CHAPTER SIX

THE WEAPON OF WARFARE IN THE REALM OF THE SPIRIT

Your Christianity is incomplete if you fail to believe that we are in a battlefield in this world, our adversary is already roaring about looking for whom he may devour. That is, the trumpet from the throne of GOD is sounding “watch and be vigilant”. No matter how anointed you may be, devil has not given up over you. After Christ conquered him in the wilderness, the Bible says and he departed from Christ until an appointed time, Luke 4 vs.13. Therefore, that you defeated him today does not mean that the foolish devil will not come back again for more attack. Both he and his demons are already on a suicide mission, looking for whom to kill and destroy.

Therefore, it is our duty also to be at alert, not to be waiting for him to attack us but to be the first to attack him. Our master, Christ, never waited for the devil to attack him before he used his power and authority over the devil. The Bible says Jesus was *going about doing well and healing all those who were oppressed by the devil. Act10 vs. 38*

Just as devil is on a suicide mission, we also are on a rescue mission. Our mission is not only to fight the enemies that attack us but to also help our neighbors to fight the enemies attacking them. We are soldiers of Christ, and the major work of the soldier is not to fight the enemy attacking him but to fight the enemy attacking the civilians. Therefore, either you like it or not, you will surely engage in war in one way or the other, if indeed you are an ambassador of Christ.

The enemy is not willing to give up in any capacity, the Bible says after he has been conquered by the main child [Christ], the dragon enraged with the woman and went about waging away against the rest of the children who kept the commandment of God and have the testimony of Christ...Rev 12 vs. 17

Not that we are trying to exalt the devil as the faith preachers do claim, but the fact is that we cannot dispute his works in the realm of the spirit.

Therefore, since we have known that we are on a rescue mission, it will be good if we can use this opportunity to discuss the weapons of our warfare needed to accomplish this mission.

The weapons of our warfare are not Canals, they are might, capable of pulling down strongholds, and cast down powers, principalities, rulers of darkness that may want to exalt themselves above the power, authority and wisdom of GOD.

These weapons can be classified into two; we have the weapons of attack and the weapons of the defense.

Under the weapons of attack, we have two most dangerous weapons, which are wisdom and power, while under the weapons of defense we have the helmet of salvation, the loins of truth, the breastplate of righteousness, the shield of faith and the shoe of the gospel of peace which helps a man to trample upon the serpent mentioned in Ephesians 6 vs 8-12

Why did the kingdom of light choose these two great weapons which are wisdom and power as the weapon of attacking the host of hell. It is because the two major weapons that the enemy is using to conquer many in the realm of darkness is the weapon of attack and weapon of deceit. The wisdom of God in man deals with the deceiving weapon of the devil while the power of God deals with the attack of the devil.

Many Christians do underrate wisdom as a weapon of warfare, forgetting that wisdom is the principal weapon as far as the realm of the spirit is concerned. Wisdom is greater than all other weapons of war. Eccl. 9 vs. 18 that is why the Bible says a man delivers his city from the hands of enemies by his wisdom. Eccl. 9 vs. 15.

Wisdom is a creating weapon as far as the spiritual world is concerned, while power is a destroying weapon. That is why the Bible says by wisdom, God formed the earth and by understanding, it established the heaven. Pro 3 vs. 19. To the mind of a natural man, we once believed that God created the world by power. But thank God, by revelation we were able to discover that he spoke the world into existence and the book of Proverbs confirms it that out of His mouth cometh wisdom, knowledge and understanding. Proverb 2 vs. 6

Therefore, to get wisdom means to get the greatest weapon of war, it means to get light needed to fight in the field of darkness of this world.

One of the advantages of wisdom to spiritual warfare is that it prevents a man from falling into the trap of the enemy; it helps a man to know the devices of attacking his enemy. That is why the Bible says we should not be ignorant of the devices of the enemy. Power is mostly needed as a weapon of rescue after a man on a battle field of this life has already been shot

with an arrow of sickness ,calamity, death , or captured by the enemy due to many reasons such as ignorance, carelessness, disobedience , lukewarmness, unrighteousness , faithlessness , prayerlessness and many more.

CHAPTER SEVEN

STUDYING THE NATURAL TO UNDERSTAND THE SPIRITUAL

One of the problems of man is to focus on one means of getting spiritual knowledge, but the truth is that everything around us is communicating something to us about spiritual fact. Everything in our environment is a picture or shadow of the reality in the realm of the spirit. In which if we can activate our spiritual sense organ; we can use the natural things, object and event in our environment to understand the mind of the kingdom of light and darkness toward this earth and mind kind. See Romans 1 vs. 20.

For instance, let us study the act of marriage and use it to picture some spiritual fact. The book of Genesis 2 vs. 24 said 'therefore a man will leave his father's house and be joined to his wife. This is a pure picture of how Christ left His father's house to join with the bride. Christ is the picture of the bridegroom , while church is the picture of the bride, the white wedding garment of the bride symbolizes how Christians must look when Christ will be coming back to take His bride to his heavenly home.

The unclean animal in the Old Testament is a picture of the Gentiles. The Israelites must not have anything to do with them that were why Christ said that the food that is meant for the children must not be given to dog. It takes grace for Peter to recognize this fact in the book of Acts 10 vs. 11-12 when God asked him to eat the unclean animal he saw in the vision. It was after the vision the Holy Spirit had to make him understand that the unclean animals are symbols of the Gentiles.
